OUR SERVICES

Free Pregnancy Tests

Our free pregnancy tests are lab-grade, 99.9% accurate, and results are provided within minutes.

Options Counselling

In a one-on-one session, a trained Client Advocate assesses client needs by asking simple questions. The Client Advocate then provides relevant and accurate information, and encourages the client to make healthy choices.

Ultrasound Referral

Using state-of-the-art equipment, a licensed nurse or sonographer performs an ultrasound scan to confirm pregnancy and determine gestational age.

Practical Assistance

Based on client need, assistance and practical support will be provided.

Referrals

Clients will be referred to local, reliable resources as required.

Post-Abortion Care

An individualised post-abortion care plan may include the following options:

- Emotional wellness assessment
- Confidential support groups
