

STOP ABORTION

...our babies can LIVE without it

On 24th July 2019, the Westminster Parliament passed an undemocratic law to force abortion on Northern Ireland. The legislation contained in the *Northern Ireland (Executive Formation) Act 2019* means that - unless the Stormont Executive is reconvened by **21st October 2019** - abortion will be legalised here. This new law will effectively legalise abortion throughout all nine months of pregnancy by removing ALL legal safeguards from unborn babies and their mothers. This will be one of the most cruel and horrific abortion regimes in the world, going beyond even Britain's atrocious *1967 Abortion Act* and the abortion legislation recently enacted in the Republic of Ireland.

At this critical time, thousands of voiceless and defenceless future unborn babies in Northern Ireland urgently need you to be their voice. If we don't speak up for them - then who will? Please join us and be a voice for the voiceless at the **March for Their Lives** at **Custom House Square** in **Belfast** on **7th September**. We must do absolutely everything in our power to stop this horrendous and barbaric law coming into force in October. If we do not act now, thousands of little unborn babies will be violently killed in Northern Ireland. The pro-life majority of Northern Ireland must rise up and **FIGHT-BACK NOW!**

Please join us at the MARCH FOR THEIR LIVES on Saturday 7th September to:

- ⇒ Show our politicians that abortion is NOT IN OUR NAME and never will be !
- ⇒ Demand that the Stormont Government is reconvened before 21st October 2019
- ⇒ Show your support for women experiencing unexpected pregnancies and show that we can and will offer them a better answer than abortion
- ⇒ Show the world that we stand up for life and against the killing of unborn babies

The MARCH FOR THEIR LIVES needs YOUR help:

Contact us if you would like to help in any way.

Could you organise a bus from your area; put up posters, or hand out leaflets; make phone calls; or financially support the March?
