

## Time is running out to STOP Westminster's horrific NI abortion law

In July, the Westminster Parliament passed a horrific and radical law to force abortion on Northern Ireland, against the democratic will of the people here. If the Stormont Assembly isn't reconvened before **21st October 2019** this law will come into force in Northern Ireland and make abortion legal up to the 7th month of pregnancy - and in certain circumstances, even up to birth !

Legalising abortion is not in the name of the people of Northern Ireland. The Northern Ireland Assembly voted **against abortion** as recently as 2016, and the people of Northern Ireland have consistently opposed the introduction of abortion here. We must send a clear message that we reject the violence and cruelty of abortion, and we must demand that every unborn child is protected - from the moment of conception - in law, policy and practise.

# Abortion? **NOT IN OUR NAME**

**TAKE ACTION NOW** in our **Fight Back Campaign** by signing the Petition overleaf asking the NI Secretary of State to ensure unborn children remain protected in law, policy, and practise. Stamp the Postcard and send immediately.

For the attention of:

**The Rt Hon Julian Smith MP**

Secretary of State for Northern Ireland

Dear Mr Smith,

I want unborn babies and their mothers protected from abortion. I believe that every human being has the inherent right to life, which must be protected by law - as stated in *Article 6, International Covenant on Civil and Political Rights* - **"no one should be arbitrarily deprived of his or her life."**

Therefore, I am totally opposed to the Westminster Parliament's attempt to force abortion on Northern Ireland through the **NI (Executive Formation etc) Act 2019**. As a citizen of Northern Ireland, I call on you to acknowledge and respect the democratic will of the people here who are in total opposition to the abortion legislation in the aforementioned Act.

Signed.....
